gala

Scholarship Fundraiser

Scholarships

CABE is a non-profit, state-wide organization devoted to providing advocacy and professional development for educators, parents and students. The Annual Gala Benefit and Dinner supports the work of the organization and is the main source of revenue for scholarships. Our Teachership Scholarships are aimed at teacher education candidates who are building their capacity to instruct English Learners in California. The Herman Sillas Law Scholarship is for second year law students who will work as advocates for English Learners and their families. Contributions to our annual benefit ensure that we continue to promote educational equity for all.
